## RIVER DISTRICT ENERGY 2024 AND 2025 INTERIM RATES

On October 6, 2023, River District Energy applied to the British Columbia Utilities Commission (BCUC) seeking approval of interim rate increases of 3.94% for each 2024 and 2025. The annual rate increases, for the Monthly Capacity and Thermal Energy charges, would apply to all customers. The BCUC has approved the 3.94% rate increases for 2024 on an interim and refundable or recoverable basis, effective January 1, 2024.

The BCUC is holding an open and transparent proceeding to review River District Energy's rates application and invites feedback and participation in the proceeding.
